

YOUR LOCAL LABOR MP

# PAULINE RICHARDS IS FAILING FIRE SERVICES AND **PUTTING YOU AT RISK.**

## CAN YOU WAIT FOR A BROKEN FIRE TRUCK?

## PAULINE RICHARDS THINKS YOU CAN

### THE FACTS YOUR LOCAL LABOR MP DOESN'T WANT YOU TO KNOW:

- Fire stations promised years ago *still haven't been built*
- 65% of Victoria's fire trucks are *past their service life*
- Your fire levy has nearly doubled while *firefighting budgets were cut by \$165million*
- Labour spent \$100 million of fire service money on consultants and lawyers - *enough to buy 100 new fire trucks*
- They spent another \$16 million to *attack firefighters conditions*
- Firefighters and corporate staff have been on the same pay since 2022 while Labor MPs and Fire Rescue Victoria executives have had 5 payraises

### MORE PAIN. LESS PROTECTION.

### **ZERO ACCOUNTABILITY.**

The Allan Labor Government is collecting record amounts from your taxes while your fire service is on life support. And Pauline Richards has stayed silent.
